## **SAFETY INFORMATION**

The Wilmington Children's Chorus has put in place extensive safety precautions relating to COVID-19. Rest assured, we take the health and well being of your children and our staff members very seriously. WCC has been holding in-person activities since July of 2020 and to date we've had zero COVID cases related to our organization. As vaccine distribution improves and COVID cases continue to fall, we're optimistic about a safe, healthy, and happy summer camp! Depending on the nature of COVID-19 in Delaware and recommendations from public health officials, WCC may take any of the following precautions:

- Chorister's **will likely be required** to remain distant from others while singing and chanting.
- Chorister's **will likely be required** to maintain moderate distance while completing other activities.
- Chorister's **will likely be required** to wear a mask throughout the camp day, except when eating or drinking.
- Your chorister **will likely be required** to complete symptom screening at home, prior to arriving at camp each day.

WCC commits to the following precautions:

- Cleaning and sanitizing high-contact surfaces on a regular basis.
- Providing air filtration units to circulate and sanitize the air in our camp spaces.
- Requiring staff to obtain COVID-19 vaccinations, if they are available to them prior to camp.
- We are capping camp attendance at 40 children (this number may be revised based on guidance from public health officials). Campers will spend much of the day in small groups of 10-15 children.

***Please contact WCC staff should you have questions or concerns regarding our health & safety practices. We're always happy to discuss details with our camp families!***
